## FOREWORD

---

The decision to disperse our entire herd of Shorthorn cattle has been a very difficult one to make. We have, over the years, concentrated on building a top herd with emphasis on size, quality and the ability of the dam to feed her calf.

A study of the catalogue will disclose a herd of fashionable bloodlines and a visit to the farm will prove that the offering consists of a uniform and desirable type of Shorthorn that is most in demand by present-day breeders.

This is a healthy productive herd, raised under average farm conditions. They are fully accredited for T.B. and Bangs' tested.

We feel that this dispersal will offer breeders an opportunity of acquiring choicely-bred animals in working clothes.

**D. L. & DOUGLAS WOTHERSPOON**

## **BURNSIDE DEMOCRAT -245374- —**

Sire: Brawith Leader -237407- by Brawith Boy (249157) out of Morning Blossom 24th -269530-.

Dam: Burnside Glory -287688- by Burnside Everlasting -228574-.

His daughters are big rugged individuals and wonderful milkers.

## **KILLEARN NORSEMAN 20TH -272585- —**

Sire: Norseman (313499) by Coldoch Sensation (275892) out of Glastullich Norma.

Dam: Killearn Gem 2nd -302580- by Peter of Killearn -226904-.

Killearn Norseman 20th was purchased privately from Mr. Gallinger by the Smalls of Craven and we were fortunate in being able to purchase him from them.

He has sired a long list of champions at many major shows. His Get are low-set, typey cattle with an abundance of smooth fleshing.

We retained the majority of his daughters. Four were sold—three won Grand Championships at strong shows, the fourth, never shown, produced a Grand Champion with her first calf. His daughters in the herd are the kind that can be bought only at a dispersal.

## **KILLEARN MAX ELECT -312293- —**

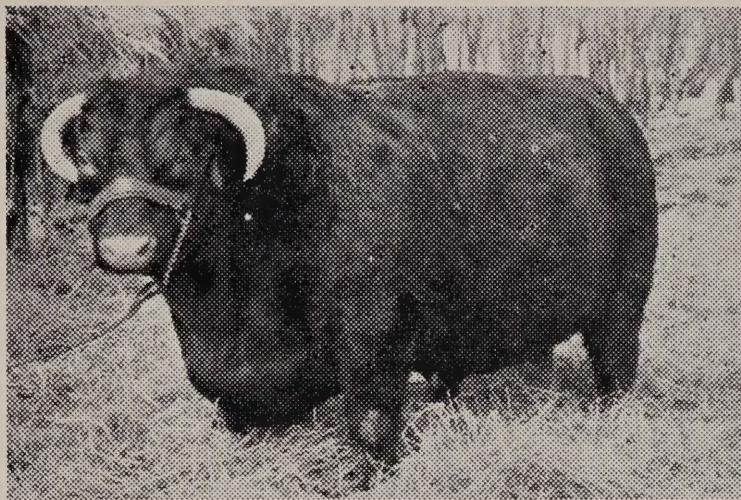

Sire: Killearn Max 5th -254948-.

Dam: Killearn Norma Emmeline 5th -344670- by Norseman -262240-.

Killearn Max Elect was purchased for \$2,700 from Mr. Gallinger by Rhys Williams & Son, Melville. He was used extensively in their great herd prior to our obtaining him. His sons and daughters are well known in Saskatchewan and at the Toronto Royal. His daughters are breeding well.

Rhys Williams' Reserve Grand Bull at the 1957 Regina Spring Show and Sale was out of a daughter, and a son, bred by us, raised and exhibited by J. Assman, Neudorf, stood third in the class that held both the Grand and Reserve Grand Champions.

The majority of the daughters of Max Elect in this sale are at a distinct disadvantage. They calved in the fall as two-year-olds, are wonderful milkers, as can be seen by their calves, and as a result they will not be in condition.
